

2016 Donors

Thank you to all who contributed to our team in 2016!

We raised \$1491 through our Kickstarter campaign! These funds helped purchase new lines and much needed replacement parts for our fleet. With our team now averaging 20 full time members over the past 2 quarters, we are looking to acquire an additional FJ, as well as conference-regulation sails and rudders/ tillers to keep the team in action.
